

# Hat Size & Fit

## How to calculate your hat & cap size

*Use* a soft tape measure.

*Place* it around the head, position it mid forehead and above ears.

*Measure* in inches or centimetres.

*Find* your size on the hat size chart.

(Lock & Co. head tape measure available with new catalogue).

## Fitting for 'hard hats'

Hard hats include: top hats, coke/bowlers and riding headwear.

*To ensure a comfortable fit please visit Lock & Co. where your head shape will be professionally measured using the 'conformateur' head measuring device.*
